**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It's obvious there's not enough competition among internet providers. The result is subpar service at excessive rates that stifle the American economy.

I had Sonic internet in San Francisco and it was amazing. The customer service was extraordinary, the speed was extraordinary, and the price was extraordinary. This wouldn't have been possible without healthy competition.

We need more competition among ISPs so America doesn't get left behind.
